## Who We Are

Fifty years ago, Promise Community Homes dared to lead with love and hope. At a time when people were told to institutionalize their children with intellectual and developmental disabilities (IDD), the founders of Promise Community Homes built secure, accessible homes within neighborhoods and communities.

Today, in the same spirit of love and hope, Promise Community Homes operates more than 80 properties, providing affordable, accessible, and well-maintained homes for people with IDD throughout St. Louis.

Your support is indispensable to our residents. We invite you to participate in the golf tournament, our second largest fundraiser!
