

Mobility Begins at Home

Dear Friends,

Sponsored by the [National Mobility Equipment Dealers Association \(NMEDA\)](#), May is [Mobility Awareness Month](#)!

At Promise Community Homes (PCH), mobility begins at home. More than half of our residents use a wheelchair or walker, so we regularly update ramps, bathrooms, kitchens, flooring, and other home features to ensure accessibility, safety, and comfort—because home should be a place of choice, independence, and access for all.

Thank you for your continuous support in helping PCH provide homes of choice for adults with intellectual and developmental disabilities (IDD). With your help, our residents have mobility and independence, living in homes that are accessible, affordable, and customized to fit their evolving needs. Whether it means easily coming and going from their home, safely taking a shower or bath, or smoothly making their way around their family room, kitchen, or bedroom, your involvement is what turns these basic needs into daily realities.

We cannot do the work we do without YOU! We hope you enjoy seeing some of the work you've helped make possible to improve the mobility of our residents, allowing them to live their best lives. PCH only succeeds in keeping the promise of accessible homes because of our supporters, donors, sponsors, volunteers, and social media champions!

Thank you for helping us keep the promise of home for all!

Warmly,
Matt Elmore
Executive Director

LONG-LASTING RAMP

Earlier this year, this house got a brand-new, durable composite ramp to replace a previous aging structure.

The three ladies who call this house home frequently travel by foot to activities, appointments, and day programming at the community center next door. Now, they have a beautiful ramp that will last for years to come, helping them enter and exit their home safely to live their active lives!

NEW FLOORING

This villa—two connected homes—recently received new flooring throughout every room!

The sturdy new floors ensure residents who utilize wheelchairs and other mobility aids have a smooth surface to move around with ease.

Our friends at [Reinhold Flooring](#) did a beautiful job on the installation.

POUR IT OUT

This house just received a newly poured concrete driveway and ramp and will soon get new handrails as well.

Mobility improvements can involve many different materials, aesthetics, and considerations—all thoughtfully chosen to balance function and dignity. This smooth, even surface will ensure the gentlemen residing in this home have smooth sailing for decades to come!

WALK-IN TUB HIGHLIGHTS THIS UPDATED BATHROOM

Check out this beautiful new walk-in tub ready to go for the two ladies in this South County home. Typically, we install walk/roll-in showers, but these residents thoroughly enjoy taking a bath. Since this daily task has become more difficult, we wanted to offer a solution that met the new challenges many face when aging.

This highly functional tub will allow our residents to bathe in comfort, as they prefer, and age in their forever home!

Pajama Party Trivia Night

The ultimate cozy hangout is back for another year of pajamas, fun, and, of course, trivia!

Join us once again at the PCH Pajama Party Trivia Night on Saturday, August 9, 2025! Sport your favorite PJs, grab your smartest friends, and test your knowledge in 8 rounds of trivia in our gym.

Don't miss out, register today!

Golf Tournament Thank You!

The weather couldn't have been more perfect for this un-fore-gettable day. Because of YOU, we raised **over \$60,000** for St. Louisans with IDD at our 16th Annual Golf Tournament!

We are so grateful to our sponsors, golfers, partners, and committee who helped make this event a success. It was an incredible day full of sunshine, golf, drinks, food, prizes, and fun!

Stay tuned for updates on next year's tournament so you don't miss your chance to participate in one of the best events of the year!
